ROHAN LAVANGADE

Software Developer | Java Development | API Integration | Project Management

E ¦91 9403127005 @ rohanlavangade@gmail.com

SUMMARY

I am a motivated individual with extensive knowledge of programming languages and development tools. I excel in a growth-oriented environment where I can leverage my skills to benefit the organization, while aspiring to develop my capabilities further. My experience in software development, particularly in Java and related frameworks, positions me well for contributing effectively to future projects.

EDUCATION

BCA
G.H. Raisoni Institute of Business Management
📅 06/2020 - 06/2023   📍 Jalgaon

MCA
G H Raisoni Institute of Business Management
📅 06/2023 - 06/2025   📍 Jalgaon

12th Grade
Maharashtra State Board
📅 06/2018 - 06/2020

10th Grade
Maharashtra State Board
📅 06/2016 - 06/2018

PROJECTS

College Gate Management System

The College Gate Management System keeps track of visitors at entry and exit points, providing efficient management with features like visitor management, vehicle tracking, and real-time monitoring.

- Involved in Designing and Development of the project
- Handled Backend part for the development
- Created Various Required Methods in Java
- Built Various APIs like GET, POST, PUT, DELETE
- Worked on Framework like Hibernate, SpringBoot
- Tested the Project at developer end
- Worked on Documentation for the Overall Project

KEY ACHIEVEMENTS

☐ **Optimized Code Solutions**
Reduced system response time by 25% through optimized code solutions.

☐ **System Efficiency Boost**
Increased system efficiency by 30% using advanced Java techniques.

☐ **Project Pre-Launch**
Successfully launched project ahead of schedule, reducing estimated time by 15%.

☐ **API Implementation Success**
Implemented APIs increasing data retrieval speed by 20% in applications.
